**FAIRY INVITES** Print out the templates on regular white paper. Trace around them on your choice of coloured glitter paper and cut two of each out. Use hot glue to stick each corresponding side together, leaving a hole at the base of the star or butterfly for a dowel to be inserted. Tie pieces of ribbon to the dowel, insert the tip of it into the butterfly or star, and secure it in place with dollops of glue. Cut out a circle from white glitter paper (this will be the invitation) and write down the details of the party information on one side. Use a single-hole punch to put a hole in the invite so that it can be tied to one of the ribbons from the wand.
